This meeting will address the Multi—Hazard Mitigation Plan being developed for Klickitat County. The Plans' development is being funded through a grant from FEMA. These meetings are open to the public and will include a slideshow presentation from Northwest Management, Inc. and the Planning Team on the identified hazards and potential improvement and risk reduction projects in Klickitat County. Public input is being sought in order to better frame the region's efforts for hazard mitigation projects, wildland fire protection, resource enhancements, and emergency preparedness.

Meeting will last approximately 60 minutes

Learn about the assessments for floods, landslides, volcanos, severe weather, wildland fire, and earthquakes in Klickitat County. Discuss **YOUR** priorities for how local communities can best reduce the impacts of these events.
