

OLD MOUNTAIN ROAD

CLICKITAT COUNTY PUBLIC WORKS

BENEFITS

- Increased vehicular safety by providing sight distance, alignment improvements and an asphalt surface.
- Reduces maintenance time and cost.

ANTICIPATED SCHEDULE

2021 Construction Start
2022 Construction End

DESCRIPTION

This project will provide for an asphalt surface on the last unimproved portion of Old Mountain Road. The project will provide for a safer and more efficient roadway for the developing area around Old Mountain Road. A few improvements will be eliminating minor curves, adjusting the super-elevation on curves to match the design speed of 35 mph, improving sight distance and addressing roadway drainage. The proposed roadway will provide 11' asphalt surface lanes with 2' gravel shoulders.

FUNDING

Current Secured Funding:
\$1,200,000 (Landfill Funds)
\$550,000 (County Funds)

Estimated Project Costs:
Construction: \$1,334,403
Preliminary / Construction Engineering: \$363,601
Total Project Estimate: \$1,698,004
